MEMO LINE: participation to competition for doctorate admission

Unsigned applications, those lacking personal details and those that, for any reasons, shall prove to have been sent to this University after the deadline mentioned in this article, will not be taken into account.

The application must contain an electronic mailing address as well as the one that the applicant chooses for the purposes of this procedure. Any changes of it must be promptly communicated to the Department to which the participation application was sent.

The statements made in the application must be considered as made as per the Decree of the President of the Republic n° 445, published in the “*Supplemento ordinario alla Gazzetta Ufficiale*” n°42 of the 20.02.2001, and following amendments, by the applicants entitled to the use of the procedures of simplification of the administrative certifications permitted by the above-mentioned decree.

The applicants must submit, jointly with the application:

- A non-certified photocopy of a currently valid identity document and of the tax code;
- A CV including one’s own scientific and teaching activity, done in single copy and self-certified using the annexed “B” form;
- A research project prepared according to the template available at Web link of the Doctorate, included into the doctorate’s sheets enclosed to the present provision;
- Copy of the payment of the contribution of participation in the selection.

Any other qualifications and declarations can be attached and, in this case, formulated pursuant to the aforementioned Presidential Decree 445/2000 and subsequent amendments;

The University does not take responsibility for the missed receipt of communications, if it is due to the mistaken indication of the address by the applicant or to omitted or late communication of the change of the address mentioned in the application or by any postal or telematics inconveniences or, in any case, caused by third parties’ fault, unforeseeable circumstances or force majeure.

ART. 4 – ADMISSION APPLICATIONS OF THE APPLICANTS POSSESSING AN ACADEMIC TITLE EARNED ABROAD

Besides submitting the admission application with modes mentioned in art. 3 above, the applicants possessing an academic title earned abroad will have to imperatively transmit the following documentations no later than the fixed deadline:

- For applicants possessing a title earned in EU country
As per articles 46 and 47 of the Decree of the President of the Republic

n°445/2000 and following amendments and integrations, self-certification of the degree title including a list of the exams and relative grades in Italian or in English.

- For applicants possessing a title earned in a NON-EU country
Degree certification including a list of the exams and relative grades, translated and legalized in Italian or in English.

ART. 5 – ADMISSION APPLICATION OF SUPERNUMERARY FOREIGN CITIZENS

For the foreign citizens who do not intend to compete for a study grant it is envisaged, in alternative, the admission as supernumerary applicants to the extent of half of the total number of the offered positions for the doctorate. Consequently, in the application submitted according to the modes specified in art. 3 above, the applicants must state that they agree to be included as supernumerary by ticking the relative special box (*art. 5 of the competition notice – supernumerary foreign citizens*).

To this end, foreign applicants must submit the following documentations:

- For candidates possessing a title earned in a EU country
As per articles 46 and 47 of the Decree of the President of the Republic n°445/2000 and following amendments and integrations, self-certification of the degree title including a list of the exams and relative grades in Italian or in English.
- For applicants possessing a title earned in a NON-EU country
Degree certification including a list of the exams and relative grades, translated and legalized in Italian or in English.

The admission applications found lacking or incomplete as regard the above-mentioned documentations shall not be considered valid.

The supernumerary admission application will be submitted to the coordinator of the doctorate course who, having sought the advice of the Professors' Commission, may accept the application or reject it. Unless differently communicated, the applicant may directly show up for the oral exam.

Those who will pass the admission exams will have to submit the following documentation in order to be matriculated:

1. Degree certification including a list of the exams and relative grades translated and legalized in Italian or English;
2. The Diploma Supplement or an in-situ Declaration of Value delivered by the Italian local consular authority concerning the Master-Level/Specializing Degree earned abroad;

ART. 6 – SUPERNUMERARY ADMISSION APPLICATIONS OF THOSE ENTITLED TO RESEARCH GRANTS AND PUBLIC ADMINISTRATIONS' EMPLOYEES

Those entitled to research grants and the Public Administrations' employees can attend Research Doctorate Courses, even by derogation from the number of positions established for each course, subject to passing the exam tests. The admission as supernumerary applicants is established to the extent of half of the total number of the offered positions for the doctorate. In order to be admitted as supernumerary applicants, the Public Administrations' employees and those entitled to research grants must specify this circumstance in their application as per art. 3 above, tick a special reference box (*art.6 of the competition notice – supernumerary public employees or entitled to research grants*) specifying as well the duration of the research grants or the Administration of provenance. A prospective awarding of the research grant subsequent to the submission of the application must be communicated to the Research Doctorate Department.

ART. 7 – EXAMS

In order to take the exams, the applicant will have to show a valid identity document.

The admission to the Doctorate Course occurs based on public evidence selection meant to control the skills and the aptitudes of the applicant to scientific research in the fields pertaining to the Courses and consists in an assessment of the titles and of the research project submitted with the application of participation to the admission competition, jointly with an oral interview. As per art. 8, paragraph 2 of the Min. Decree n° 43/2013, for the students who graduated in foreign universities, the University prepares a separate ranking list.

The exam for the admission to the Doctorate courses is aimed at granting an appropriate comparative evaluation of the applicants. The modes for carrying on the exams are specified in the web pages of each single course, as mentioned in the enclosed doctorate's sheets. A foreign language exam is envisaged. It is possible to take an oral exam in the online mode to the unquestionable judgement of the Exam Commission. The check of the applicant's identity will be carried on by the President of the Commission who will take the records of his identity data, the type and number of document and will check the fair working of the workstations set up for the online interview. This interview will take place on the day specified in the Doctorate's Sheet. The applicants to the competitions for admission to the Research Doctorates for which, in the present competition notice, are specified the exams dates must show up on established day, time and place without waiting for a further calling.

ART. 8 – EVALUATION COMMISSIONS

The Evaluation Commission of the competition for admission to the research doctorate courses is appointed in accordance with the Regulation as regards research doctorates.

However, for Doctorates structured on more than one curricula a single competition must take place with a single Commission. Separated competition exams are possible for each individual curriculum, further to a specific option made by the Evaluation Commission.

Once the competition exams are completed, the Commission prepares a general merit-ranking list based on the sum of the grades obtained by each applicant in the evaluation of the titles, of the research project and in the individual exams. In case of parity, the following criteria will be applied:

- In case of grades parity resulting in a position covered by a grant the assessment of the financial situation prevails, defined as per the Decree of the President of the Council of the Ministers of 09/04/2001.
- In case of grades parity resulting in a position without grant a preference will be given to the applicants who:
 - a) Achieved a higher grade in their degree;
 - b) With equal degree grade, have a higher average grade in their exams;
 - c) With equal degree grade and exams average grade, have earned a degree in less time, having taken into account the course legal duration;
 - d) With equality of the elements specified in points 1, 2, 3 younger candidates will be preferred.

ART. 9 – ADMISSION TO THE COURSES

The applicants will be admitted to the courses based on their position in the ranking list up to covering the number of available positions. The ranking list is unique also for the doctorate courses structured in more curricula.

Those who have already earned a Research Doctor title can be admitted to attend, further to passing the selection exams, a second Doctorate course not covered by a grant for those who have already benefitted from it and provided that the issues and the main scientific-disciplinary sectors are unlike compared to those related to the course for which the title was earned.

ART. 10 – ENROLLEMENT TO THE COURSES AND ACCESS FEES AND ATTENDANCE

After checking the fair performance of the competition deeds, the relative ranking lists will be notified exclusively by publication on the University's Internet site, in the Calls and Competitions/Research

Doctorates section.

The published ranking lists will include as well the modes and deadlines to finalize the enrolment, upon expiry of the set deadlines, the applicants who will have not performed what it is required, will be considered as renouncing and they will be replaced by another applicant based on the graduating list order.

Doctoral students holding no grant must pay as well a yearly enrolment fee amounting to euro 3,000.00. Enrolment to the academic years subsequent to the first one is dependent on a positive evaluation by the Professors Committee.

ART. 11 – STUDY GRANTS

The study grant yearly amount, established as per art. 1 of the Min. Decree n° 40/2018 amounts to **€ 15,343.28** before the security contribution at the recipient's expense.

The duration of the allocation of the study grant is equal to the entire course duration.

The study grant is paid on monthly basis. The amount is increased up to 50% for any authorized periods spent abroad for a maximum of 18 months. Starting from the second year each doctoral student can be granted, within the limit of the available budget resources, a suitable budget for research activities in Italy and abroad based on the type of course and, in any case, of an amount not smaller than 10% of the grant. If the doctoral student is not positively evaluated for the purposes of being admitted to the subsequent year and is, consequently, excluded from the doctorate, the non-used amount remains at the University's availability. Even if the PhD student with grant renounces the grant, the unused amount remains in the availability of the University.

The personal income ceiling to be able to benefit from the study grant is **€ 8,000.00** yearly before tax. To the establishment of this income contribute incomes derived from properties as well as retributions of any other nature, including the occasional ones. The income is referred to the taxation period related to the calendar year of the larger enjoyment of the study grant. The doctorate student who overcomes this ceiling of personal income will have to give back the instalments of the study grant received in the year of reference and pay the enrolment fees for doctorate students without grant for the current year to the University.

The cases of total or partial incompatibility to benefit from the study grant are established by regulations that are currently in force. In particular, as per the law n° 398/89 art.6, the study grants cannot be combined with other study grants, at any title awarded, excepting those awarded by national or foreign institutions useful to integrate educational or research activities of the grants holders by travels abroad.

The Doctorate study grants are incompatible, under penalty of revocation of its benefit and with the obligato to return the received installments, with:

- dependent employment, even on temporary basis; - industrial and commercial activities; - contracts agreed, at any title, with the International Telematic University UNINETTUNO;
- any other activity requiring the holding of a V.A.T. number.

In case of occurred incompatibility, the study grant installments related to the period for which they were unduly received, must be returned. The repayment refers to the academic year or to a part of it.

Those who have already benefitted from a study grant cannot benefit from the same title twice.

ART. 12 – HIGH EDUCATION APPRENTICESHIP CONTRACTS

For the applicants having no more than 29 years who will be included into the merit-ranking list as winners, but not beneficiaries of a study grant it is envisaged the possibility of joining high education apprenticeship contracts aimed at obtaining a research doctorate as per art. n° 45 of the Legislative Decree n° 81/2015 and of the articles 18 and following ones of the Regulation of the Regione Lazio n° 7 of the 29th March 2017. These contracts may last from a minimum of 6 months to a maximum of 36 months

ART. 13 – DUTIES AND RIGHTS OF THE DOCTORATE STUDENTS

Those enrolled in the doctorate courses have an obligation to attend the courses and continuously carry on study and research activities in framework of the structures aimed at this end. The doctorate students are also required to account for the activities conducted by yearly filling in a special sheet.

The doctorate students carry on a tutoring activity for the students of the degree and master-level degree courses as well as a limited supplementary or integrative teaching activity that, in any case with no prejudice

to the activity of learning to research within a maximum limit of 40 hours per each academic year. This activity must be authorized by the Committee of the Professors who established its modes. During the course the doctorate student can be authorized, for research needs, to make travels abroad for a period not longer than half of the course legal duration

This Committee, in case of insufficient results in the mid-term evaluation tests, in case of unjustified and lasting nonattendance or lasting non availability, that is if a doctorate student behaves in a way that is incompatible with research ethical conduct and with the rules of good conduct prescribed by the organizational structure where the Doctorate takes place as regards those, who at any title, benefits from its reception and from its services, can reasonably deliberate the revocation of doctorate student from the course.

The Committee of the Professors has the right to exclude doctoral students, with or without a scholarship, if they are not positively evaluated for the purposes of admission to the following year of the doctorate.

The attendance to the doctorate course can be interrupted, further to a deliberation made by the Committee of the Professors, in the following cases: pregnancy, military service or civil service, temporary study or employment opportunities that are not incompatible with the further resumption of the doctorate activities, serious and proved disease.

The doctorate students in duty at the Public Administrations can benefit from the study grant only on condition that they are on unpaid leave, for the course entire duration. In case of admission to the research doctorate with no study grant, or renounce to it, the concerned person who is on leave keeps the financial, security and retirement treatment he enjoys by the public administration in which the working relation is established. If, after obtaining the research doctorate, the working relation with public administration ceases due to the employee's will in the subsequent two years, the repayment of the received amount is due according to what stated above.

ART. 14 – AWARDING OF THE TITLE

The title of Research Doctor is awarded by the Rector and it is obtained upon successfully passing the final exam, at the completion of the course legal duration; the exam cannot be repeated. The University certifies its awarding and deals with the filing of the thesis in the National Libraries of Rome and Florence. The final thesis can be prepared also in a foreign language prior to authorization by the Professors' Committee.

ART. 15 – COMMISSIONS FOR THE AWARDING OF THE TITLE

The Selection Commissions for the awarding of the title of research doctor are appointed as per the Regulations of Doctorate of the University.

ART. 16 – APPLICABLE REGULATIONS

As for what is not envisaged by the present competition notice, the relative laws currently in force are applicable. The educational objectives are published in the doctorate's website.
