## UNIVERSITY FOR REFUGEES: EDUCATION WITHOUT BOUNDARIES PORTAL TO BE PRESENTED AT 2016

On the occasion of the 2016 EADTU "The online, open, and flexible higher education conference" the portal "UNIVERSITY FOR REFUGEES. EDUCATION WITHOUT BOUNDARIES" ([www.istruzioneesenzaconfini.it](http://www.istruzioneesenzaconfini.it)) will be presented.

The agreement is open to all universities from ICDE and EADTU. It is a concrete and pragmatic step for a strong cooperation between traditional and technological universities that share the same values regarding the democratization to access the knowledge, the 'universality' of education as a tool of peace and dialogue between cultures in order to offer to the global students' new opportunities of study and new model of teaching.
